

*I would like to thank the GSDCA and everyone involved in my nomination and subsequent presentation of the Donald J. Cliff Award. I'm humbled to be compared to someone so well thought of by so many people for just being the man my Father taught me to be. It was a heartfelt surprise.*

*I'd also like to thank my wife Ann, my assistants, Amber Eisfeld, and Lisa Cirks-Veit who are a large part of why the workshops are successful helping so many GSDs each month. Thank you to the GSDCMSP for their continued support in reaching out to all factions of society's GSDs. And lastly I'd like to share my admiration for the owners that attend looking for ways to improve their life's adventure with their GSD. Without any one of those mentioned this would not function as well as it does!*

*If any clubs would enjoy a visit and assistance in developing a workshop of their own please feel free to contact me through <http://gsdcmshp.org/ronhalling.html> and we can continue to "pay it forward" in Don's memory!*
