Next weekend we have our annual specialty show at the Dakota County Fairgrounds in Farmington. On Friday, there will be the GSDCA Temperament Test. Come on out and see all the great dogs!

On June 12, we have our 11th annual German Shepherd Fun Day at the Animal Inn. I have copied some of the flyer on Pages 2 and 3 of this issue. You will find more information and sign up for the AKC Temperament test on the website www.gsdcmsp.org under events. This will be the first time the AKC Temperament test has been held in Minnesota. We will have vendors, including Keeper Collars, tests for titles, CGC, CGCA, Trick Dog. Therapy Dog Certification through Helping and Healing Paws will be there. We also have activities to try with your German Shepherd, such as agility, tracking, and nose work. Cynthia Curran will have a presentation on the tending style of herding. We will have a raffle, and Keeper Collars plans to donate some of their great items. We really need some volunteers and people to take pictures for the Shep-O-Gram.

Some of you may not know that I had a bad accident due to an out of control dog on a flexi charging Eywa and I resulting in dislocation and fracture of my right shoulder and arm. This makes many things difficult and I will really need help with the Fun Day. Please contact me to volunteer to help with the Fun Day. We will need about 9 people to help with the Temperament Test so people can take shifts, people will be needed for the Therapy Dog Test, and we will need people to direct people to the correct rings and sign participants in. The raffle table will need help too. Volunteers who register in advance and work for a shift will be provided a lunch from Brines.

We have our annual Awards Banquet scheduled for July 24 at the Lake Elmo Event Center on July 24. The sign up form is in this issue. The due date is July 10.

Note that the obedience workshops with Ron Halling are in their summer location in Apple Valley.

Next Workshop Apple Valley

June 19

July 17

August 21st

September 11th

We've made some changes to our structure over the last year that seem to help a lot more people get enjoyment and results for what we do. The Mini-session is for dogs that may not be quite ready to move right into a class setting will be a staple as we move on. This class runs 9:15-9:45 and helps dogs that are super shy to super aggressive and everything in between. Then the lecture.

At 10 am is the Lecture. How to successfully navigate the imprinting stages of a GSD and problem solving. The most common comment after a workshop is "I never knew there were so many people having the same issues as me". If we don't get to spend enough time on your issue we work one on one with you between the morning session and afternoon sessions. Following the lecture we adjourn for a potty break and reconvene in the ring.

The 11 am Hands-on training. Here, we employ the training techniques talked about in the lecture while teaching you to communicate with your dog. We teach you the "marker" system that through demonstrated performance has proven to be one of the best training techniques for our highly intelligent breed. You'll leave feeling confident you know how to raise your pup through it's imprinting stages and in doing so have a GSD that people admire.

12ish, lunch. Due to COVID we are not able to do our Potluck lunches. If staying for the day it's suggested you pack a lunch or there's a McDonald's and Target nearby.

The 12:30 Afternoon Activity Class is different each month and is well thought out to present owners with activities functional to our breed according to the seasons. Over the winter we gave ideas and tips of how to wear your dogs out during times when outdoor activities were nearly impossible. This month we'll focus on heeling techniques while out meeting and greeting strange dogs and humans. We'll also teach you how to send your dog to a pre-determined spot by you to keep them out of your way as you perform your outdoor chores. And we'll continue with CGC and Temperament requirements.

Prices remain the same, 30.00, (cash), for either the morning or afternoon session, (must have attended a morning session prior to the Afternoon Activity class). It's an extra 15.00 to bring a second dog from your household or to stay for the afternoon session after attending the morning session. The location is Animal Inn in Lake Elmo. All of our information can be viewed at either our website or our Facebook pages

Thanks and hope to see you!

If you're new to the workshops, please contact Ron to discuss which class is right for you and any issues

GSDCMSP Agility Trial April 2-4

The All About The Juniors Agility Trial was held at On the Run Canine Center on April 2- 4 th 2021. As usual the German Shepherd Dog Club of Minneapolis & St. Paul did a fantastic job hosting the trial this weekend with their Trial Chair Leader, Rhonda Schloer Meath and the awesome hard working committee members ~ Dawn Ebbenga , Cathy McKeon , Jennifer Johnston , Carla Scott , Jeanne Sutich & Mary Bente. Local Minnesota Judge Michelle Persian (#NPFL) did a fabulous job judging and had some nice challenging courses.

Congrats to Dawn Ebbenga for winning the High In Trial GSD! It was a close one, but it was so fun to be able to award you & Ozzy the BIG ribbon!

Congrats to junior & GSDCMSP club member Ava Gardner for winning High In Trial Junior Handler.

Congrats to junior handler Bryan Dunn for winning the Jump donated by Rhonda from M.A.D. Agility Equipment. The jump was from the 2021 AKC National Agility Champ Finals Round

The trial was “ All About The Juniors “ this weekend, so it was fitting to have a fund raiser for the AKC Junior Open Agility World Championship Team USA. In total, the agility community raised \$1275.00 for Team USA. Thank you to everyone that participated in 80/70 FAST Game and Junior Q's. We had 3 Teams that got 80 Points including Livi (Becky O'Sell), Sketcher (Myles Miller), and Kaemon (Kory Kaye)

Thank you to the following people who donated:

Rhonda Meath , Nancy Gagliardi Little, Cathy McKeon, June Frances Mendoza, Michelle Persian, Xtreme K9 Dog Sports, Michelle Schwartzbauer, the GSDCMSP Club , Wendy Hitch, Sheryl Dentinger, Karen Lawrence, Leah Glynn, and Dawn E.

Herding Instinct Test Seminar

May 1 2021

On May 1, the GSDCMSP sponsored a Herding Seminar with herding judge Kim Schneider at her Elysian Farm just outside Pine City, MN. The 10 spots filled quickly with dogs who had never seen sheep before and were tested for their herding instinct by Kim.

It was so much fun to watch the various reactions of the GSDs, who all showed talent of varying degrees. Kim gave each

dog owner an AKC sheet which outlined the dog's performance. It was a wonderful opportunity to watch our wonderful breed exhibit one of the tasks they were bred to do.

In addition, Kim described what would be expected in the first two herding titles. She demonstrated the HT title with her young Australian shepherd Esther and David Mielke and Gaethe impressed everyone with a lovely send out and completion of what is needed for the PT title.

On Friday, July 30, the club is offering all comers an opportunity to have an official AKC Herding Instinct Test. At Conroy Farm in Farmington, MN, our two judges will be giving a tending instinct test which is a 'living fence' type of herding instinctual to GSDs, along with the more usual round pen instinct test. The judge will handle your dog and give you a written report at the end. If your dog is registered for 2 of the instinct tests, of either type, and is judged to have the herding instinct, your dog will earn the HIT title awarded by the AKC.

If you have bitten, figuratively we hope, by the desire to work as a team with your dog in moving livestock, there will be a related occasion to show your dog's ease around a farm. The Farm Dog Certification will be held at Conroy Farm on the same day, Friday, July 30. This is a type of temperament test where a dog demonstrates the ability to walk calmly near farm equipment, jump on a hay bale, stay quietly while the owner feeds sheep, etc. Pass two run-throughs with our two different judges and your proud dog will go home with a FDC after his name.

Brain Games for Dogs, Book Review

by Cynthia Curran

Claire Arrowsmith, **Brain Games for Dogs**, Firefly Books, 2011
Perhaps you aren't interested in the structured and sometimes high-pressure atmosphere of dog performance trials but you know your dog is smart and works for food. A fun and relaxed way to build a strong bond with your special pup is to teach him or her some tricks. Learning a few party turns is also a terrific way to provide your dog with the mental stimulation that is so important for a calm canine.

This book has over 75 tricks that you and your dog can learn to do and its great strength is that basic skills are clearly introduced and then games are built from there. You have only a small area available? No problem, there are tricks specifically

built for that. You'd like to include water play outdoors for our hot summer days ahead? Arrowsmith has thought of that.

The layout of this volume is clear and unfussy. Each trick is numbered and the legend gives the location needed for the trick, the level of difficulty and any simple props needed. The accompanying pictures clearly illustrated how to teach the trick, allowing the dog owner and pet to proceed at their own pace.

This book might provide a great way for the whole family to get involved with training the dog. A supervised child would have so much fun teaching one of the simpler tricks. Come to think of it, the mental stimulation would provide hours of constructive activities for kids as well as animals.

If you find that these tricks reveal a hidden talent in you and your dog and you want to continue your team efforts, the AKC has a structured series of specific tricks which can earn your dog titles. Check out the tricks and the different levels of difficulty at:

<https://www.akc.org/sports/trick-dog/>

Another venue which can help you discover new tricks and ways to teach them to your dog is

Do More With Your Dog. This organization awards titles, as well and the site address is:
